Designed and manufactured in NZ

PC-F2A Adjustable Self-Tapping Female Clip.

An extended version of Fastmount's PC-F1A self-tapping female clip, with a longer threaded body that provides 10mm of adjustment perpendicular to the substrate to simplify panel alignment.

FEATURES

- Up to 10mm of adjustment perpendicular to the substrate.
- Thread clips in or out to level mounting points with Torx 45 bit
- Compensate for uneven substrates with less need for shims.
- Remove and refit panels in any sequence multiple times.
- Compatible with all Standard Range male clips.
